

Watercolor Classes with Marie Natale

Direct Painting Techniques

March 16,23,30, April 6,13,20

In the Spring, we will return to a more direct approach to watercolor. With your experience using ratios of water and pigment, and effective brushwork, this will be a fast, direct method of painting. We will focus on Still life, fruits and veggies, colorful containers and flowers, and other items personal to the student. We will learn to set up lighting to provide the best contrasts for our study.....and we will also address the beautiful effects of backlighting!

The beginners class at 2:00 will focus on repeating Watercolor Basics....brushwork, ratios of water and pigment, understanding the importance of the Bead of paint..... and utilizing each basic in accomplishing effective, clean and luminous watercolors! Each week we will focus on the importance of SHAPE and use different objects and learn how to paint them with several colors loaded on the brush.

All the classes will be informative, inspiring, and will help to loosen up your approach to watercolor! Most importantly students attain confidence when selecting colors and build on prior knowledge and experience with Color and Values to make their paintings work! Besides...my classes are always FUN!!

NEW Class times: 10:30-1:00pm and 2:00-4:30pm.

Limited to 15 students in each class.
Beginners encouraged to attend the later class (2:00-4:30)

Class begins promptly at 10:30 or 2:00.....
class ends 15 mins early to clean up work spaces.
The church has an elevator and ramp and a large parking lot.

Refridge and microwave available.
\$210 for 6 weeks...checks made payable to Marie Natale

Mail to: 26 Diamond Drive, Egg Harbor Twsp, NJ 08234
